

PlaceMore

Terms and Conditions of membership

I. Idea

PlaceMore is a network of professional practitioners interested in the idea of placemaking. We understand placemaking not only as creating a friendly, lively public space that supports the local community, but also as a new paradigm for designing places for people - both on a scale of a single architectural object as well as the entire city. We join forces, support social change and give rise to the formation of new spatial policies.

II. Activities

PlaceMore is a knowledge exchange and networking platform. Our activities include organization of meetings with experts in order to share experiences and build knowledge of the latest research and project methods related to placemaking.

III. Membership

Architects, urban planners, sociologists, cultural studies experts, city officials, artists, journalists, politicians and companies from the real estate development industry can become members of the initiative. Membership is voluntary and unpaid.

Members - benefits:

1. Members have a guarantee of a free-of-charge participation in all events organized by PlaceMore that are aimed at cross-sectoral exchange of experiences and the advancement of knowledge about the tools for placemaking.
